To,

M/s Madras Cements Ltd
Dry Mix Division, Ernakulam,
Kochi

Dear Sir,

We at Hoysala Projects take this opportunity to express our happiness regarding the fruitful relationship and long term association with the Dry Mix division of your organization.

In this regard we feel proud to register that we had used Ramco Tile adhesive for our major projects like **Hoysala Nestor** and **Hoysala E-Home** at Kochi. Presently we are using the same material for our ongoing site **Hoysala D'zire** at Kochi.

We have complete satisfaction regarding the product's performance like quality, coverage etc.

Above all, the service provided by the company regarding timely supplies and periodic follow-ups are really a highlighting factor which has enabled both of us to continue this journey.

We wish to have this cordial relationship for the days to come.

Yours truly,

For Hoysala Projects Pvt Ltd
